

EZGEAR ANNOUNCES FRESH NEW LOOK AT WWW.EZGEAR.COM

Murray, Utah – November 11, 2008 - ezGear®, LLC, a leading manufacturer of videogame peripherals and electronic accessories, announced today the launch of their new website www.ezgear.com. Just in time for the holiday season, the new storefront makes it easier than ever to find and buy ezGear products. The updated site is easy to navigate and is the perfect place to start with your holiday shopping. Check out ezGear's cutting edge gadgets and peripherals at www.ezgear.com

"ezGear has always been all about delivering high-quality videogame peripherals and accessories to our customers," said Charlie Bernstein, president of ezGear. "This new website is streamlined and efficient, making it easier than ever for people to get a chance to experience our innovative product line."

Based in Murray, Utah, ezGear is a premier manufacturer of cutting edge electronic accessory products and is the creator of such innovative products as the ezSpace UFO space saving surge protector, the powerStick iPod backup battery and ezVision video glasses.

For more information or to purchase ezGear products, please visit www.ezgear.com.

(Editorial Note: ezGear will be attending CES 2009 at booth number 25321, if you are interested in reviewing ezGear products or setting up an appointment please contact Naomi Brown, naomi@reverbinc.com.)
