

JV Games Announces Pong Toss Pro “Announcement Trailer” Now Available

JV Games upcoming frat party style interactive videogame **Pong Toss Pro** begins to show off some of the gameplay features and options that make this title even better than the original **Pong Toss** game for WiiWare™. The announcement trailer shows just a glimpse of the some of the features that **Pong Toss Pro** will offer. This first video shows the general gameplay throughout the game.

Pong Toss Pro features offer bracket style tournament play, a pixel accurate throwing system, new audio engine, redesigned graphics, one to four players in hot seat mode, speed pong, multiple environments and multiple gameplay modes. These are only a few of the features offered in the game.

Pong Toss Pro is coming to WiiWare™ Spring 2010. The trailer can be downloaded here: <http://rcpt.yousendit.com/866553771/ea84adab8cdffa12f931ae4baf1acefa>. Please post the trailer to your sited and add to your database.
