

## **ZEN PINBALL ANNOUNCES MARS TABLE COMING SOON EXCLUSIVELY TO PLAYSTATION®NETWORK**

**Los Angeles, Calif. – July 20, 2010** — ZEN Studios, the definitive leader in pinball videogames, announced today that **MARS**, the latest expansion table for **ZEN Pinball**, is coming soon exclusively to PlayStation®Network. Players will get to experience the space-age tactics of **MARS** with the fast-paced action, cutting-edge visuals and true-to-life ball physics that **ZEN Pinball** is famous for.

ZEN's **MARS** table will take you into space to experience and explore life on the red planet, and it is your job as mission commander to lead the effort in unlocking the planet's secrets. This table will offer everything you would expect from a **ZEN Pinball** table, with several different game modes, ball slicing effects, electrically charged ramps and, of course, different combos for ultimate pinball play.

### **ZEN Pinball MARS Table Features:**

- Dock the space ship and activate the magnetic crane to collect space samples
- Land with the space spider to analyze the ancient Martian symbols
- Call in the satellite to scan distant galaxies, calibrate its solar collector and activate its electromagnetic fields to lock three balls
- Restore the Mysterious Pyramid, then deactivate its defense system
- Spell out MARS to activate the secret portal of lights
- Repair the artificial gravity reactor to stabilize gravity on MARS

Developed by ZEN Studios, the **MARS** table joins **Earth Defense**, **Ninja Gaiden Sigma 2** and **Street Fighter** as the fourth PSN expansion table for **ZEN Pinball** with several more slated for release in the coming months.
